Robot Tanks May Be Secret Weapon Threat Of Nazis

Disclose Fourteen Explosives Loaded Tanks Set Off By Radio, Smashed

BEACHHEAD BATTLE AGAIN DEVELOPING

ALGIERS, March 1.—Fourteen remote-controlled tanks loaded with 1,000-pound explosives set off by radio—perhaps Adolf Hitler's long-discussed secret weapon—were disclosed today to have been destroyed below Rome by Allied artillery, before they got away from their lines.

Revelation of the enemy's new-type machine was made by Gen. Sir Henry Maitland Wilson's headquarters coincident with announcement that heavy fighting has broken out again in the Anzio beachhead area, indicating the third Nazi effort to drive Fifth Army troops from their perimeter is under way.

No Battle Details

No details of this new battle which has been continuing for 24 hours are yet available, a spokesman at headquarters asserted.

The Germans sought twice to crack the Allied line under cover of darkness, but were hurled back each time, headquarters said. Enemy pressure, however, was immediately intensified.

The Nazi "robot tank," guided toward its target from afar, was sighted during the second German onslaught against Fifth Army beachhead positions—but none of them reached their lines.

Allied batteries blasted away at the enemy's newest metal monsters, and destroyed them before they got away from their own lines, probably inflicting heavy casualties in nearby areas when the high-powered, TNT-loaded bombs exploded under artillery shelling.

"Secret Weapon?"

Speculation immediately developed whether the remote-controlled tanks were the secret weapons of which Germany has so blantly boasted.

THREE JAP BASES ARE NOW CUT OFF

By MAJOR PAUL C. RABORG
(Noted Military Analyst)
(Written Especially For I. N. S.)

NEW YORK, March 1.—General Douglas MacArthur has accomplished the greatest strategic feat of the war in the Far East to date, by the successful landing of his armed units on the Admiralty Islands where they have already captured a large airfield.

The Commanding General of the southwest Pacific area directed his most recent offensive blow from a United States warship. His results are so conclusive that they may be summed up in a few short sentences.

Japs Surrounded
The Japanese-held islands of New Britain and New Ireland are now completely surrounded by Allied armed units and airfields. All of Emperor Hirohito's fighting forces—land, sea and air, from Wewak on northern New Guinea to and including the northern Solomon Islands are cut off from all hope of help or reinforcement. They may be left to rot. General MacArthur's long campaign to seize northeastern New Guinea, New Britain, the Admiralty Islands, New Ireland, and the northern Solomons is successfully completed. There may be some very dirty, deadly mopping up yet to be done, but that can wait entirely upon the southern commander's convenience.

Japan's Principal Power To Resist Not Broken Says Marines' Head

WASHINGTON, March 1.—(INS)—Lieut. Gen. Alexander A. Vandenberg, commander of the Marine Corps, said today America has stepped up her activities tremendously in the Pacific but warned "we have by no means broken the enemy's principal power to resist, as some would like to think."

Speaking at the opening rally of the Red Cross campaign during which he said Secretary of the Navy Knox urged America to support the two hundred million dollar drive, Vandenberg declared this is no time to abandon caution—"we shall not rush in where angels fear to tread."

"The enemy has expressed the hope that that is exactly what we shall do," he continued. "After our attack on Truk, the Japanese premier told his people the Japanese navy was waiting for—and I quote—the golden opportunity to destroy the American fleet at a single master stroke."

"The enemy apparently has reached the point where he hopes to create his golden opportunity, among other ways, by playing possum, by leading us on, by producing an optimism among us that is unwarranted by the facts. Recently he has become pessimistic. The government has even told the people the approximate truth about losses and defeats."

Expect To Hear 'Inside Story' In Mercer Case
Charges Against Girl Give New Turn To Triple Farm Slaying

MERCER, Pa., March 1.—(INS)—Mercer County neighbors of Everett Wilson today were expecting to hear the "inside story" of the triple-slaying on his farm last October 7, after Janice Graham, 20-year-old blonde maid at the Wilson home, was booked on two charges of murder.

The charges were made on instructions of District Attorney Edwin C. Moon, who prosecuted Edwin C. Moon as the slayer, to win only a verdict of manslaughter when Morell, on the witness stand, declared the girl was the killer of all three, including Wilson's mother and wife a farm employee, Robert McKay, 70.

Morell and Janice fled together to Ohio after the tragedy, posing as newlyweds. At his trial Morell said he had made false "admissions" to shield her, but decided to repudiate alleged confessions when he discovered she was "letting him down" to save herself.

Wilson was taken into custody after Morell's trial on seven counts as an abducting witness.

Meanwhile, Special State Investigator Harry A. Estep was preparing a report of his findings in the strangely-tangled case.

The Spanish language broadcast recorded by U. S. government monitors said:

"It is reported from a certain base in the South Pacific that on the morning of February 29 enemy troops began to land on the Admiralty Islands, meeting strong resistance from the garrison, which continues vigorously to defend itself."

The U. S. monitors said they had not heard a Jap broadcast to the Jap people admitting the landings.

1944 WAR FUND

The Lawrence County Chapter, the campaign lasts through the entire month of March, but the workers hope to have the quota raised long before that date.

In commenting on the campaign today Chairman Joseph R. McFate stated that the slogan for this campaign might well be, "Eternity you can give will be little enough. These funds are needed to raise funds which will provide comforts for the fighting men at the front; precious blood plasma to save."

It may be a day or so until the totals are compiled but with the drive ending on February 29, the totals to date are shown above.

Blood Donor Unit Meets Daily Quota

Volunteers For Red Cross Donor Service Give 175 Pints Of Blood On Tuesday

On Tuesday through the mobile unit of the Blood Donor Service of the Red Cross 175 pints of blood were given by donors for the blood plasma bank for the armed forces. For the second day of the two weeks stay here of the unit the daily quota was made. On Monday also 175 pints were given, making a total of 350 pints.

About 20 men and women who had appointments could not be taken care of and were given appointments for another day when the schedule is not yet filled.

Seven hundred and eleven blood donors are still needed for the following day. It was announced today at the chapter house.

Friday, March 3-25
Saturday, March 4-17
Monday, March 6-31
Tuesday, March 7-104
Wednesday, March 8-104
Thursday, March 9-178
Friday, March 10-159
Saturday, March 11-93

The mobile unit is set up at the First Presbyterian church and is open from 11:15 a. m. to 5:15 p. m. Mondays through Fridays, and from 10:15 to 2:15 on Saturdays.

City Quota 2000 Pints
New Castle's quota for this stay of the Blood Donor Service unit is 2000 pints of blood to be processed into blood plasma for the armed services.

Blood Donors here are proudly wearing their Red Cross blood donor pins. But still only a small per cent of the city's population who can do so have donated blood. Earn the blood donor pin by helping save a man's life. Phone 5084 for an appointment.

Red Cross registrars for the unit on Tuesday were Mrs. Maurice Boyd, Mrs. C. M. England, Mrs. Earl DeWolfe, Mrs. Omar Mauck, and Mrs. Donald Book.

Hostesses at the center were Mrs. Earl Cass, Mrs. F. G. Simonton, Mrs. Wyatt R. Campbell, Mrs. W. G. Eckles, and Miss Lillian Perry.

THREE JAP BASES ARE NOW CUT OFF

(Continued From Page One)

General MacArthur is now in a position to launch a major offensive through New Guinea to the Dutch East Indies and to the Philippines.

The combined strategy of General MacArthur and Admiral Nimitz has placed two spearheads aiming directly to encircle Truk. One is from the northwest Marshall Islands, the other from the Admiralty Islands. It will be unnecessary for the supreme command to invade any of the supposedly three big Japanese bases of Truk, Ponape, or Jaluit, except for mop-up operations.

Those bases are now cut off from Nipponese supply. Nauru, within the circle, and its phosphate production is doomed.

Uncover Jap Positions
And in conjunction with General MacArthur's successes, Admiral Nimitz's amphibious victories in the Gilbert and Marshall groups, the deadly thrust of our great task force against Truk and the Marianas has uncovered the entire Nipponese central eastern and southern condition of lack of defense of their island bases.

A delayed dispatch from Phillip G. Reed, International News Service war correspondent—the first eye-witness account of that great task force drive deep into Japanese Pacific waters, has been received.

Reed authoritatively points out that all the Japanese air defense was weak and inadequate. Their planes were not good, many of their planes were antiquated and there was no Nipponese naval resistance worthy of the name.

General MacArthur's successes in the southwest Pacific already detailed; plus the capture by Admiral Nimitz's forces at Tarawa, Makin, Kwajalein, and Eniwetok attests to this daring raid of a great United States naval fleet, closely covering many aircraft carriers, opens an entirely new strategy in the central, southern, and eastern Pacific. The results will be far reaching.

formed magnificently. Hold what you've taken no matter what the odds. You have your teeth in him now. Don't let go.

Observers revealed that the operation was carried out with clock-like precision while MacArthur's presence was said to have had an electrical effect on the troops.

Standing amidst the rubble resulting from the terrific bombardment which wrecked Jap defenses, MacArthur presented the distinguished service cross to First Lieut. Frank Henshaw, Alice, Tex., who was the first man ashore.

As he made the ward, MacArthur said: "I take great pride in citing you for distinguished service. You were the first ashore in this momentous landing. This decoration will be for all eyes and for all time a symbol of the determination and courage with which you and the Fifth Cavalry have served your country."

Returning from Los Negros, MacArthur conferred with Lieutenant General Walter Krueger at Sixth Army advanced battle headquarters.

On other sections of the huge assault front curving about Pskov, troops of Popov's command captured Lapatovo, 12 miles to the east on the railroad from Dno; and occupied Filmovo, 25 miles southeast of the important objective.

Meanwhile, as the broad-scale surge liberated town after town virtually on the borders of Latvia and southern Estonia, other Soviet mobile columns fanned out south and southwest of captured Krivoi Rog in the Dnieper river bend. Bearing down on the Black Sea ports of Kherson and Nikolayev, they captured 70 inhabited places.

YANKS MOP UP JAP RESISTANCE ON LOS NEGROS

(Continued From Page One)

of Rabaul—Yank dismounted cavalrymen streamed ashore and speedily captured the well-constructed Momote airfield on Los Negros.

Gen. MacArthur watched the landing from the deck of a warship.

It was apparent that Japanese resistance to the hard-hitting Americans was slight, so great was their surprise.

The attackers were carried to the islands by destroyers, which took part in offshore bombardment in support of the invading units of the First Cavalry Division, dismounted, who carried out a successful advance to the farthest northern point in the sort Pacific.

It was significant that MacArthur's communiqué pointed out that the newly won territory with its excellent airfield, only 1,300 miles from the Philippines, which he has vowed he would recapture from the Japanese whom he fought so bitterly on Bataan early in 1942.

Outflanks Bases
By his bold stroke, MacArthur outflanked Rabaul, in New Britain; Kavieng, New Ireland; and Wewak, New Guinea, the enemy's three prime bases in the south Pacific.

Close by Los Negros lies Manus Island, also in the Admiralty Islands, site of another important airfield, both of them within medium bomber range of Truk, 610 miles to the northeast.

Not only will Allied occupation of the Admiralty Islands sever the Japanese supply line to its bases in New Britain—already invaded on its western coast by Yank troops and marines—and New Ireland, but the move will relieve the Allied supply line from danger of a flank attack. Today's MacArthur communiqué pointed out:

American invasion of the Admiralty Islands is but another in a staggering series of defeats handed the Japanese in the south Pacific, details which include:

Jap Defeats
1. Loss of principal Solomon Islands, with the potential destruction of 22,000 troops isolated in those islands.

2. Defeat in Papua and the Huon peninsula of New Guinea, with 14,000 Japs killed in the last campaign alone.

3. United States landings on New Britain, both in the Cape Gloucester area and Arawa peninsula.

4. Loss of the Green Islands, flanking Kavieng.

5. Immobilization of Rabaul and Kavieng by constant U. S. air attack, and blockade which has resulted in sinking of nearly 50 Jap ships in recent weeks.

Said To Be Marching
Sailors from the Argentine fleet, supported by army detachments, were said to be marching on Buenos Aires in an effort to oust the regime headed by Gen. Edelmiro J. Farrell and force the reinstatement of Gen. Pedro Ramirez.

Late dispatches trickling out of the Argentine to Uruguay reported that strong detachments of naval men supported by smaller army units began their march on the capital only a few hours after a revolt swept through the fleet against the Farrell regime which assumed power a few days ago.

Troops from the Campo Mayo and Loma Zamora garrisons supported the sailors, these dispatches said. High-ranking naval officials reportedly called on Farrell at once to reinstate Ramirez, form a civil cabinet and call elections some time this month. Farrell considered the terms but, according to latest word from Buenos Aires, has not yet replied.

Meanwhile, Farrell and Col. Juan Domingo Peron, head of the powerful pro-Axis "colonels' clique" which supports him, were pictured as holding control of the situation. Although their forces are smaller than those of their opponents, they are expected to resist bitterly if forced to a showdown.

ROBOT TANKS MAY BE SECRET WEAPON THREAT OF NAZIS
(Continued From Page One)

Today's communiqué said that on Monday night, following a heavy shelling, the Germans twice attacked midway between Carroccio and Cisterna, but veteran American troops drove off the Nazis.

On Tuesday morning, what appeared to be a full-scale enemy attack was developing with the Germans throwing tanks and infantrymen into action, largely on the eastern end of the perimeter nearest the Tyrrhenian Sea. The fighting was still continuing.

On the "main" Fifth Army front near Cassino, one German attack was repelled, and patrols were active. Eighth Army patrols, near the Adriatic, probed deep into German lines.

Bombers Attack
The Mediterranean Allied Air Force, in a 700-sortie day during which Rome's suburbs were rocked by bombs, carried out support from the Tyrrhenian Sea to the Dalmatian coast.

Increased German activity below Rome indicated that Field Marshal Albert Kesselring may be about ready to spring his third offensive in an effort to knock Fifth Army troops from their beachhead.

Southwest of Carroccio, the Nazis probed the Allied lines but were repelled, after which the Fifth Army soldiers "improved their positions," according to an official communiqué.

Despite a favorable turn in the weather, no German aircraft were observed over the beachhead on Monday. The Mediterranean air force, on the other hand, continued active, flying 600 individual sorties, and losing but three planes.

Deaths of the Day

Mrs. C. C. Hildebrand

Mrs. Chryslie V. Hildebrand, aged 56 years, wife of Charles C. Hildebrand, died in the University hospital, Cleveland, O., Tuesday at 1 p. m., after a month's illness.

She was born in Jamestown, Pa., December 3, 1889, daughter of Clinton and Mary Mosier Mitchell. On March 25, 1906, she was married in New Castle to Charles C. Hildebrand, who survives. She lived practically all her life here.

Mrs. Hildebrand was clerk to county commissioner here before her marriage. She was a member of the First Baptist church, Greenville, and was on the board of trustees of the church. She was also vice-chairman of the Republican county committee of Mercer county for a number of years, and had been very active in civic affairs.

Surviving are her husband, C. C. Hildebrand, and four children, Carl E., at home; Lieut. Virginia Hildebrand, A. N. C., of Coral Gables, Florida; Hannah, of Cleveland, and Betheny, of Providence, R. I., and the following brothers and sisters: Ralph Mitchell, this city; Shephen A. Mitchell, Kittanning, Pa.; Edgar Stroud, this city; and Mrs. Jacob E. McNary, this city.

The body has been taken to the Loutzenhiser funeral home, 340 Main street, Greenville, where friends may call 7 to 9 tonight and Thursday, 3 to 5 and 7 to 9 o'clock.

On Friday noon, the body will be taken to the First Baptist church where it will be in state, until the funeral services at 2:30 o'clock in the afternoon. Rev. Clair O. Dufford and Rev. Edgar Shade will be in charge.

Interment will be in the Shengango Valley cemetery, Greenville, Pa.

Mrs. Mary Rubesa
Mrs. Mary Rubesa of Sixth street, Bessemer, died in the Jameson Memorial hospital this morning at 11:30 o'clock.

The body is at the Cunningham funeral home. Bessemer and the complete obituary and funeral arrangements will be announced tomorrow.

Swanson Funeral
Funeral services for Alfred Swanson of Bessemer were held Wednesday at 2 p. m. in the Swedish Covenant church. Bessemer, and were largely attended.

Mr. Swanson had been the janitor in the Bessemer schools for 28 years, and his tribute, the schools were closed in the afternoon. Teachers of the Bessemer schools attended the services in a body. A great number of floral pieces were received, showing the high esteem in which he was held.

Palbearers were: Bernard Nord, Arvid Nord, Richard Nord, Paul Nord, Agnar Swanson and Eric Olson.

Interment was in Lake Park cemetery, Youngstown, O.

William A. Wieder Funeral
Funeral services for William Albert Wieder, who died in the Franklin hospital Saturday, and formerly of Ellwood City, were conducted Tuesday afternoon, from his home, 1112 Chestnut street, in Franklin.

Rev. Frank S. McKnight, pastor of the First Methodist church was in charge.

Interment was in the Cochran cemetery.

Mr. Wieder was the son of the late Samuel and Frances Guist Wieder, and was born in Cochran, August 28, 1876. Mr. Wieder was a resident of Ellwood City many years until he moved to Franklin 18 months ago. He was a steel worker and was employed by the National Tube company until his retirement three years ago.

Surviving are his wife, Mrs. Ida Pearl Porter Wieder, daughter Sarah Virginia Wieder at home; and two sisters, Mrs. Addie Shaffer and Mrs. Melvin May of Cochran.

U. S. BOMBERS RANGE WIDELY OVER PACIFIC
(Continued From Page One)

tral Pacific were undergoing an air borne lashing, army and navy fliers in the Southwest Pacific were neutralizing Larenau and Momote air-dromes as they paved the way for Tuesday's invasions of the Admiralties.

Jap Defense Thin
Comparative thinness of Japan's aerial defense of her island garrisons may well step up the pace of aerial onslaught in the Pacific.

The same thin defenses of the Japs were demonstrated in Admiral Nimitz's announcement of the raids yesterday. Only damage suffered by the far ranging planes was from anti-aircraft fire. In the strikes against Ponape, Kusaie, and the Marshalls some U. S. planes were damaged by flak, but all returned safely to their bases.

At the close of 1943 our production of planes was at the rate of 1600,000 per year, or just over 8,000 a month.

W. W. CAMPBELL TAKEN BY DEATH

(Continued From Page One)

lim Filmore Campbell, Jr. He is also survived by two sisters, Mrs. Belle G. Donaldson, Bethlehem, Pa.; and Mrs. Margaret Douthett, New York City.

Noted Musician
It was as a musician that Mr. Campbell attained most prominence. He held the degrees of Bachelor of Music, Bachelor of Arts, and Master of Arts, granted by Westminster college, and Doctor of Letters, granted by Sterling college, 1934. Dr. Campbell also studied music in New York City and Paris, France.

He was instructor of Latin at Pennine City, Neb., and later served as director of music at Nebraska State Institute for the Blind, Baird College for Women, Clinton, Mo., and Trinity University, Waco, Texas. It was from Trinity that he came to Westminster college as director of music in 1906, and served in that capacity until 1919, when he organized the Campbell Lumber Co. at New Wilmington.

He was professor of voice at Westminster college at the time of his death. He also served as director of music at the Ohio State University summer sessions from 1913 to 1919.

Many Activities
Mr. Campbell was a member of New Castle Lodge No. 642 F. and A. M., and the Valley of New Castle Consistory. He directed the Consistory choir for a number of years, also director of the First Methodist choir.

He served on the board of directors of the Retail Lumber Dealers Association of Pittsburgh 1920 to 1922, and was president of the Builders Supply Dealers of Western Pennsylvania from 1922 to 1930. He also served as president of the National Builders Supply Association from 1928 to 1933.

He was appointed by President Hoover on the committee of 12 in the President's Conference on Home Building and Ownership in 1931 and 1932 out of which grew the Reconstruction Finance Corporation.

He served as president of the New Wilmington borough council from 1916 to 1924, and organized the Depositors National Bank of New Wilmington, serving as president during the organization period. He was also an organizer and past president of the New Wilmington Rotary Club. In addition, he was

Funerals at the Price You Wish to Pay

At the Boyd Home for Funerals all services are strictly at the price you wish to pay. That is one of our basic rules.

We have an unusually large assortment of caskets and on every one is plainly displayed the price for that complete funeral. Patrons select just as they wish—and no one ever is asked to spend more.

This means that any family can afford to employ our service. And, since there is no extra charge for use of our Home for Funerals, the services may be held here if that is desired.

'CARD SHOWER' PLANNED FOR MRS. H. COCHRAN

Of interest locally, is the "card shower" planned for Mrs. Harriett Cochran, 2112 West 27th street, Los Angeles, Calif., formerly of this city, who will celebrate her eightieth birthday anniversary on March 10, 1944.

Mrs. Cochran will be remembered as superintendent of Shenango Valley hospital here for many years. During her residence here, she made a wide circle of friends who will want to join in the "parade of cards" that will wind their way to her home in California, further commemorating her birthday, and many New Castleites will wish to renew their friendship ties in this fashion. A large number of nurses graduated under her while serving as superintendent here. Also, many local doctors will join in sending greetings on this date.

Mrs. Cochran has visited frequently in New Castle since she retired, at the home of Miss Lottie Nicklin who was also an associate of the Shenango Valley hospital.

Primitive Methodist Society
Women's Missionary society of the Primitive Methodist church met at the church Tuesday evening for their regular meeting.

After the business meeting, conducted by the president, Mrs. Mary Lewis, was concluded, an interesting program followed. Mrs. Katherine MacKenzie had charge of the installation service. Mrs. Clarence Gettings and Mrs. Ruth Hemphill sang. Mrs. H. Gibson gave a talk on "The Need of Missions".

Next meeting will be an open one, Tuesday evening, March 28.

L. V. D. Society
L. V. D. society of the First Christian church will meet at the church Thursday evening. Mrs. C. H. Hair and Mrs. John A. Earl will be the hostesses.

COLLEGE GROUP PLEASE WITH MUSICAL PROGRAM

Delightful in every way, was the program presented Tuesday evening by Music Club, in the Highland United Presbyterian church when they had as their guests, members of the Westminster Department of Music.

Miss Barbara Schulz, hostess in charge, presented Miss Dorothy Kirkbride, talented pianist and Donald Cameron, well known violinist, both members of Westminster faculty. They were exceptional in their rendition of a duet, a highlight of the evening, which was well received by an appreciative audience.

Spar Nona Radcliff was introduced, and she made a brief talk pertaining to the work and advantages given of the Spars, the opportunities offered, their period of training and other informative facts.

Proceeding, the instructors presented a group of students enrolled in the Music Department. They equaled in sharing honors of much promise in giving their selections. Taking part were Jane Sheppard and Betty Smith, the latter of New Castle, soprano soloist; Miss Evelyn Crooks, cornetist and Miss Margaret Newcomb, accompanist.

Marilyn Baxter Honored
Marilyn, Edith Baxter, of 326 Morton street, was pleasantly honored Monday afternoon when a group of her little friends and relatives gathered at a surprise party in her home to celebrate her seventh birthday.

Hours were from four to six. Games were the pastime.

A tasty lunch was served by the hostess' mother, Mrs. Geneva Baxter, aided by her daughter, Darlene Louise, Alberta Morris and Betty Jean Hill.

Eighteen were in attendance, and Marilyn was the recipient of many useful gifts.

Junior Music Club

Members of the Junior Music Club met Tuesday afternoon at the Highland United Presbyterian church. During the social period Peggy Giffill was in charge of the entertainment and Patsy Stitzinger was in charge of refreshments. Mrs. J. L. Reed was the sponsor.

Next meeting will be March 28, at the church.

D. D. 500 Club Change
A change in date for the D. D. 500 club is announced. Members will meet March 15 with Mrs. Clyde Grannis, Court street, hostess instead of this week as planned.

"WASHINGTON" PARTY FOR JUNIOR MUSIC CLUB

Junior Music club members entertained in Highland United Presbyterian church Tuesday afternoon, at a special "George Washington" party with Mrs. Jay L. Reed and Mrs. Gerald Nors, co-hostesses in charge.

Gay and colorful decoration decorating the room throughout, was in charge of Patsy Stitzinger, where the program was entered into. Games and other features fill in the hours under the direction of Peggy Giffill and Mary Lou Rocks. A social period brought the afternoon to a close.

Next meeting will be held March 28, in the church.

McGILL SOCIETY ELECTS OFFICERS

Members of the McGill Missionary society of Highland United Presbyterian church met Monday evening in the church when they enjoyed a spaghetti dinner. Election of officers was a feature of the evening.

Officers elected are as follows: president, Mrs. Clarence Ruthrauff; vice-president, Miss Jean McGeorge; secretary, Mrs. Lloyd McCormick; treasurer, Miss Eleanor McMill; corresponding and thanksgiving secretary, Mrs. Robert Boughter.

Mrs. McCormick was in charge of devotional. Review of the study book, "We Who Are Americans" was completed by Miss Thelma Merrilees.

Mrs. Lewis Dayton, Miss Betty Porter, Mrs. C. Edson Rummel, Mrs. Robert Mills, Mrs. Arthur Alexander, Mrs. Robert Boughter and Mrs. Hugh Chapin are the social committee that was in charge of the delicious dinner.

Next meeting will be March 27 at the home of Miss Merrilees, of the Youngstown road.

Savioia Auxiliary

Members of the Casa Savioia Auxiliary met Sunday afternoon in their club rooms, South Mill street, with Mrs. Concetta Leonardo, president, in charge. The Red Cross was also discussed during business.

Welfare talks were given by Mrs. Claudia Ross, vice president; and Mrs. Edith Semione and Mrs. Rose Rozzi.

It was decided to have a social affair on March 20, the event to be for charity.

March 26, is the next meeting.

Legion Junior Auxiliary

Junior Auxiliary of the American Legion Home met in their headquarters on North Jefferson street recently. Mrs. Dorothy Gaston, president of the Senior Auxiliary and Mrs. E. J. Suber, Junior's Advisor, were special guests.

Gratifying reports of the Legion party were given by Dolores Kerr, president of the Juniors. Plans were later formed for a St. Patrick's party to take place Sunday evening, March 27, in the Legion Home.

Japanese 18th Division Now Tasting Defeat

Troops Which Attacked Singapore Now Being Driven Back By Chinese

By JAMES E. BROWN
(U.S. Staff Correspondent)

WITH LIEUT. GEN. STILWELL'S CHINESE FORCES IN BURMA, March 1.—Japan's over-proud 18th Division which participated in the assault on Singapore today is tasting defeat for the first time at the hands of valiant Chinese making a comeback drive through occupied Burma.

"Experience of the past two months shows that the Japanese 18th Division is tactically over-rated," 36-year-old Maj. Gen. Liao Yuchiang, commander of the victorious Chinese 22nd Division declared in a statement to correspondents at the front.

Gen. Liao's forces already have swept the Japanese halfway down the Hukawng Valley.

Gen. Liao was visibly pleased as he sat in the front line jungle clearing within sound of mortar fire and recalled that two years ago the Japanese 18th Division commanded by Lieut. Gen. Tanakaichi Nichi, drove his troops over the same trail.

"Now we are coming back," exclaimed Gen. Liao. "This is the first time the 18th has known defeat. It was one of two divisions which captured Singapore and later fought in Burma," he recalled.

Young Grandma Is War Worker

Mother Of Five Children Does War Work Just As Side Issue

SACRAMENTO, Calif.—(INS)—Sacramento claims to be the home of the youngest grandmother in the United States.

She is 33-year-old Mildred Sonico, who has five children and two grandchildren.

Besides doing all her own housework, Mrs. Sonico finds time to work a swing shift job as a vehicle driver in the quartermaster motor pool at the Sacramento army air depot at McClellan Field.

Became a Bride at 13
With the written consent of her parents, Mrs. Sonico married when she was 13 years old in Greeley,

Col. She was born in Colorado Springs.
A daughter, Jessie, was born to the couple before the match had an unfortunate end in the divorce courts.

Has Two Grandchildren
Mrs. Sonico married again and had five children, one of whom died. Three of the children, Jessie, now Mrs. McDermott, 18; Eugene, 16, and Jack, eight, live with their mother. A fourth, Bobby, 12, is with his grandparents in Colorado, while the other child, Joyce, now Mrs. Joyce Raves, 17, lives with her husband in Sacramento.
Mrs. Sonico became a grandmother 11 months ago while she was only 32, when a son was born to Jessie. She became a grandmother a second time when Joyce gave birth to a girl seven months ago.

New Price Control System Planned

New Control System For All Commodities Except Foods To Be Effective About June 1

NEW YORK, March 1.—(INS)—A new, improved price control system on all commodities but foods will go into effect about June 1, OPA Administrator Chester Bowles announced today.

He told the American Retail Federation the regulations will be "quite flexible" with retailers permitted to choose their own methods of pricing.

"But don't expect miracles," Bowles cautioned. "No control can be perfect, and we of the OPA, like retailers, will be awfully glad to get regulation out of our hair after the war."

The new plan, he reported, is now being whittled into shape, and will be announced to the public in gradual educational statements.

"As long as acute inflation danger lasts," he added, "our price policy must be extremely tight. However, there will come a time, and it may not be so distant as we think, when inflationary pressures will begin slowly to subside."

Bowles said prices have been kept "remarkable well" in line, and asserted living costs are now higher than last April, and only seven per cent above those of 20 months ago.

CORN KING OF ALL FILMS Big Aid In FARM CROPS IN PENNA. LAST YEAR Soldier Training

Sound Pictures Have Become Mainstay In Instruction Of Rookies

FORT SAM HOUSTON, Tex.—(INS)—"Reading and riting" and "rithmetic, taught to the tune of a hickory stick," may have been okay when GI Joe was a kid, but not when he is in the army.
Tests convinced the army that 85 per cent of knowledge was obtained through the sense of sight and 10 per cent through hearing. So the sound film has become one of the mainstays of the army's means of instruction, starting with fundamentals, such as the manual of arms and squad drill and going into highly technical subjects.

When it comes to the latter, for instance, signal corps men study the oscilloscope, and ordinance men learn about synchrotransmission through study of films.

Each arm and service has films on subjects peculiar to that particular service. Training at Fort Sam Houston is typical. The training films there run the gamut from A to Z, starting with the title, "Abutment Timber Trestle Construction" to "Zenith Carburetor."

Every phase of army training is included in the film library. General subjects, used by all arms and services, dwell on military courtesy customs of the service, wearing of the uniform sex hygiene, and articles of war.

Half-brother to the training film, the film strip has been rediscovered as an efficient training aid. The series of still transparencies, harkening back to the "magic lantern" days, is augmented by lectures and explanations by the instructor. This medium of education is particularly adaptable for illustrating charts and diagrams and can be used out of doors.

Charts Are Included
Opaque projectors, useful for enlarging printed materials, charts and pictures, are included in the training film equipment. All material is reproduced in original colors, principally from text books and pamphlets.

The extensive library at Fort Sam Houston is maintained for the training of units and organizations on the post. Any one of the films or strips not on hand may be secured from the eighth service command library in Dallas, which, like each of the nine service command libraries, is completely stocked.

The signal corps, which makes most of the training films, is in charge of film libraries. Army tests have shown that best results are obtained when films are shown to groups limited to 80 or less.

To complete its service, the signal corps is charged with instructing two or more members of each army organization in the use of projectors for films, film strips and opaques.

Cooperating with officers in charge is a civilian coordinator. His services are available to all organizations on the post.

Tokyo Feared U. S. Bomb Raid

NEW YORK, March 1.—(INS)—The Nazi transoceanic agency indicated in an English-language dispatch that the Japanese had expected a United States bombing attack on Tokyo sometime during the last two days.

The dispatch, dated Tokyo and transmitted from Berlin, said that the Japanese government had taken "precautionary measures" and issued orders prohibiting "open fires" in Tokyo houses to prevent conflagrations during Monday and Tuesday (Tokyo time) "up to 4 p. m." each day.

Transoceanic cited the "precautionary measures" as one of the developments that had given Tokyo's inhabitants "the feeling that they now are directly included in the front area."

The Nazi dispatch said it now is realized in Japan that the American advance in the Pacific is "no isolated enterprise, in which, after a rapid thrust, the attackers recoil to their original positions, but rather, as 'Asahi' expressed it Tuesday, the United States fleet is steaming toward Japan as did the Russian fleet 39 years ago."

The following program will be presented Thursday evening at 8 o'clock in the St. John United Holy church: Mrs. T. Wright, devotions; Mrs. E. Garside, instrumental solo; Mrs. M. J. Garside, reading; Linsley Maudlin, solo; James McCarthy, talk; Richard Maudlin, musical solo; Mrs. Verne Mitchell, solo; Corine Garside, reading; Mrs. M. Harding is master of ceremonies, and Mrs. A. Wise, sponsor.

Missionary society of the St. John's United Holy church will meet in the home of Mrs. Elmer Garside, of 135 Elm street, Thursday afternoon at 2:30.

POPULATION SHIFTS SEEN
WASHINGTON.—(INS)—Dr. Philip M. Hauser, assistant director of the Census Bureau, declares in a survey that the United States will face a post-war population problem with wide changes in traditional trends. Covering 137 metropolitan areas containing 68,403,970 persons, the survey predicted that sections most likely to retain war growth are those which have grown most rapidly in the years before the war and since. Listed among these areas are Atlanta and Columbus in Georgia; Charleston and Columbia in South Carolina; Corpus Christi, Galveston, Houston and San Antonio in Texas; Jacksonville, Miami, Tampa and St. Petersburg in Florida; Mobile, Ala.; Phoenix, Ariz.; San Diego, Cal.; and Washington, D. C.

Sees Scandal Over Pipeline

NEW YORK, March 1.—(INS)—Building of the proposed Arabian oil pipeline "will turn out to be a national scandal worse than Teapot Dome," James A. Moffett, oil industry executive and former federal housing administrator charged today.

Moffett demanded the resignation of Petroleum Coordinator Harold Ickes and further charged that Ickes had created artificially every oil shortage that has existed.

The Arabian pipeline, Moffett said, was "completely impractical, uneconomical and a further example of Ickes' efforts to put the govern-

ment into business and drive private enterprise out."
Moffett charged that the project is "strictly a commercial operation," which "does not help the war effort."

QUAKE RECORDED
NEW YORK, March 1.—(INS)—Authorities at Fordham university reported today that a "very severe" earthquake was recorded yesterday on the university seismograph somewhere in the direction of New Guinea in the South Pacific.

The quake occurred about 9,000 miles from New York. The first shock was recorded at 12:47:17 P.M. EWT and the second at 12:49:31 P.M.

Yangtze River Area Is Bombed

NEW YORK, March 1.—(INS)—An attack by American heavy and medium bombers upon Japanese railroad yards, warehouses and storage areas at Yochow on the Yangtze river in China was reported today by the Chungking radio in a broadcast heard by U. S. government monitors.

The assault, which took place yesterday, saw the Liberators and Mitchells loose 36 tons of bombs on the objectives, the announcer said, adding that "results were obscured by dense clouds of smoke over the target."

All bombers returned safely to base despite heavy anti-aircraft barrages and futile attempts by Japanese interceptors to bring down the raiding formations.

Chicken Hawk Grabs Tom Cat; Takes Beating

BALDWIN, Ga.—(INS)—Despite the keenness of sight credited to chicken hawks—this is the story of one that could use a pair of glasses.

The day was quite warm, the sun bright and a large black tomcat was sleeping peacefully in the yard at the Bank County prison camp near Baldwin when the hawk made its mistake.

Descending like a dive-bomber, the feathered invader sank its claws into the sleeping tabby and was away into the air.

According to witnesses, the cat apparently was too startled to know immediately what had happened and was some 10 feet off the ground before it went into action.

However, tabby definitely had decided that the only time it wanted to go aloft was when it climbed a tree. So—say the witnesses—the cat started to correct the erroneous impression of its captor. In not more than 30 seconds four sharp feet went into action with a speed comparable to a machine gun.

Feathers, not fur, started to fly and the poor-sighted hawk had enough. He promptly forgot earlier visions of a delicious repast atop some tall tree and jettisoned his disagreeable cargo.

Tabby landed lightly on all fours, trotted to its former sleeping position, and, if cats snore, was doing that within a few minutes.

The wiser, if hungrier, hawk did not return.

BUDAPEST WARNED
NEW YORK, March 1.—(INS)—The British radio reported that Budapest residents have been warned by pamphlets dropped from Allied planes to expect air attacks on a scale similar to those which recently devastated Sofia.

**GRANGER FOUND
FROZEN TO JOB**
PITTSBURGH, March 1.—(INS)—Stanley Granger, collector of internal revenue for the Pittsburgh district, announced today that although he wants to quit the job to become regional director of the CIO political action committee, he has been "frozen" in his position and cannot leave.

Granger said Washington officials refused to release him because of expected problems and increased activities developing from the over-riding of President Roosevelt's tax bill veto and changes involved in simplification of income tax procedure.

Split Ballot Law Favored

HARRISBURG, March 1.—(INS)—Administration support for a "split ballot" law was indicated today by Gov. Edward Martin when the general assembly meets this spring for a proposed special session to liberalize the commonwealth's older voting regulations.

The governor said the legislative agenda of the general assembly would be "concerned with elections" and that the special session call would be "broad enough" to permit the lawmakers to consider separate federal and state ballots in the general election November 7.

He said, however, that he would not specify consideration of the split ballot proposal in the call.

There has been considerable support in Republican circles for enactment of a split ballot law ever since President Roosevelt swept to Democratic state ticket into office with him in the Democratic landslide of 1936 and 1940. Under the new procedure, candidates for state office could appear on a separate ballot from those running for federal posts.

Suspend Meat Rationing For Time In Canada

OTTAWA, Ont., March 1.—(INS)—Meat rationing was suspended throughout Canada today until the "congestion in both storage and transportation is cleared up."

D. C. Abbott announced suspension of the meat rationing program in the house of commons last night but emphasized that it was "temporary." Canadians have been allowed about two pounds of meat a week. "Meatless Tuesdays" also were ordered abandoned.

Three reasons for the suspension were given by Abbott. They were: usually heavy marketings of livestock during recent months and expectations that heavy marketing will continue for the next few months; acute congestion in storage and transportation facilities; and lastly limitations on Canadian physical capacity to move meat to the seaboard and overseas.

Quintuplets Report Found To Be Mistake

TRENTON, Ga., March 1.—(INS)—A report that quintuplets had been born to Mr. and Mrs. Harold Gass of Trenton was revealed by J. A. Gray, a telephone operator in the small northwest Georgia community, to have been a mistake.

The whole thing started, according to Gray, when Gass assured neighbors yesterday that he had "five boys over at my house." His statement was interpreted to mean that five children had been born to Mrs. Gass.

As a result of the report, the small telephone exchange at Trenton was swamped with calls from all sections of the nation. Gray said.

Gray said that as a matter of fact only one child was born to Mrs. Gass. The isolated position of their home prevented confirmation or discrediting of the quintuplet report, Gray said.

Cruiser Spartan Lost By Britain

LONDON, March 1.—(INS)—The British admiralty announced the loss of the cruiser Spartan but gave no details of the action in which the vessel was sunk.

Jane's fighting ships does not list a cruiser of that name.

This fact was taken by observers to indicate that the Spartan probably was a "very new ship." She was captained by R. V. McLaughlin who took over command of the cruiser in May of last year.

Admiralty officials declined even to identify the theater in which the vessel was lost.

FARLEY IS SILENT ON CAPITAL VISIT

WASHINGTON, March 1.—(INS)—James A. Farley, former Democratic National chairman who broke with President Roosevelt over the third term issue, stopped in Washington Tuesday near the end of a nation-wide business trip but had nothing to say on politics.

Farley, who so far has shown no inclination to recognize mild overtures from Democratic leaders to return to the New Deal fold, firmly declined to comment on the tumultuous reaction occasion by President Roosevelt's tax bill veto.

He specifically withheld comment on the resignation and reelection of Senate Majority Leader Alben W. Barkley.

COAST GUARDSMAN KILLED WHEN TRUCK IS HIT BY TRAIN

BADEN, Pa., March 1.—(INS)—A collision with a Pennsylvania railroad train was blamed today for the death of U. S. Coast Guardsman George Goodcuff, 22, Brooklyn, and the injury of another Coast Guardsman, Thomas M. Hannafin, 20, Chicago, who was taken to Rochester General Hospital.

En route to service a navigational light in the Ohio river, their truck was struck at a private grade crossing during a snow storm.

BIG TOWN HEALTHY

NEW YORK.—(INS)—Despite the impact of war conditions and the recent outbreak of influenza, the health of New York City as a whole was good in the year just closed, Dr. Ernest L. Stebbins, New York's health commissioner, stated in his annual report to Mayor F. H. LaGuardia.

LOANS TO PAY INCOME TAXES

A message to the person who has been unable to save sufficient money to pay his income taxes on March 15

EVERYONE should pay income taxes out of savings or current income if possible. But you may not have been able to save up enough to make all your payments due March 15. If you intend to get a loan to pay your taxes and repay later out of earnings, Household's plan can help you.

Put taxes on a monthly payment plan
You may borrow \$25, \$50, \$100 or more quickly and simply—and repay on the schedule that best fits your own situation. The wise policy is to borrow no more than you need—and to repay as rapidly as possible. If you have to make quarterly tax payments in 1944, the 3-payment plan will repay your loan by the time your next tax instalment is due. If you have to pay a tax on March 15 only, you may prefer to take somewhat longer to repay your loan. With the choice of loan plans shown in the table below you can budget your taxes in almost any way you prefer.

All you do
Borrowing at Household Finance is a quick, simple transaction. Just tell us how much you need and how you wish to repay. We require no endorsers or

British Hopeful War's End Is Near

Optimism Shown That War Will Be Terminated During Present Year

By CHARLES A. SMITH
(U.S. Staff Correspondent)

LONDON, March 1.—There's a wave of super-optimism in Britain today.

Most every man and woman believes the war in Europe will end some time this year.

They are climbing joyously onto the "peace by Christmas" bandwagon and eagerly abandoning the "It's never going to end" idea which last year seemed prevalent here.

Such is their faith that Germany will be licked in the coming months that they are making elaborate plans for the celebration of the peace and engaging in a buying spree that is evident throughout the country.

Ready To Celebrate

Many hundreds of bookings for "Armistice Night" are pouring into London from people who want to celebrate their release by going to the theater or by dining and dancing and generally cutting loose from the weariness of more than four years of war.

One big ticket agency today has a file of orders a foot thick from people who want to be assured of good seats for the victory parade that inevitably will wind its way about the capital.

Money apparently is no object. Offers are being made of upwards of \$700 for a good window with an advantageous view of the parade. There are innumerable requests for window seats at \$100. No orders are being accepted for less than \$40 for the agency figures that will be the minimum price by the time the parade begins to roll.

Women Go on Spree
Women, usually among the most cautious shoppers where clothing coupons are concerned, are investing in purchases which a year ago

they would never even have considered. Some of the stores say the scramble to get new clothing is reminiscent of peace-time "bargain days."

Apparently the women figure the end of the war in Europe will see the end of clothes rationing. They are likely to be disappointed, for officials say clothes rationing will continue for some time afterwards.

The "peace by Christmas" spree isn't confined to any particular class. The east-siders are as supremely confident as the middle- and upper-class folk. The poorer people in some areas have started getting organized for street parades, "victory teas," and the like and are looking at their bunting and their flags, carefully saved from pre-war days.

Collect for Outings

Some of the lodges and brotherhoods have started collecting subscriptions for "victory outings." In some of the big factories the work-people have been putting by their pennies for similar organized festivities.

There are other signs. People have started buying antiques. They are buying furniture, pictures, any sort of art objects. They are trying to place orders for post-war autos, refrigerators, and radios.

And there are some who are not looking forward to armistice night and what it will bring.

The cinema owners in London for example, met in solemn conclave and decided not to open their movie houses on armistice night and for as long afterwards as may be necessary.

Certain theater managers may do the same, while hotels and restaurants will increase their bouncers and strongarm squads with a view to keeping celebrations as orderly as possible.

HOLLYWOOD, March 1.—(INS)—Charging that a steak he ate was so tough it lacerated his larynx, concert violinist Hrach Yacoubian today filed a \$20,250 damage suit against a fashionable Hollywood restaurant.

Yacoubian asserted that the mishap, which occurred last Feb. 18, forced him to cancel contracts for concerts which would have earned him \$10,000.

FOUR CARS COLLIDE ON HIGHLAND AVENUE

Four cars came together in a peculiar accident at the corner of Highland and Winter avenues Tuesday afternoon. While no person was injured, two of the cars had their fronts caved in. The accident occurred when the first car in a line of three proceeding north was forced to stop because he was unable to proceed due to a car being parked too far out into the roadway from the curb, and the fact that a big school bus was coming down

the hill, which swung out into the street to pass an express truck which was parking, leaving no room to get through. The second car in the line was able to stop, but the third was not, and when he ploughed into the car ahead all four were jammed together.

Camp Reynolds Shows Value Of Red Cross Work

GREENVILLE, March 1. — With thousands of cities, towns and communities all over the United States preparing to do their part in the Red Cross War Fund Drive, which begins today, Red Cross activities at the Camp Reynolds Station hospital can be used as a fine example of the multitude of services performed by the Red Cross at an army hospital.

A highly trained professional staff of Red Cross workers, aided by the volunteer services of the Grey Ladies and the Women's Motor Transport Corps, work constantly for the common purpose of serving the soldiers. The recreational workers and the Grey Ladies, work hand in hand in providing interest and diversion for the convalescent patient, in the form of games, crafts, shows and amusements.

The Red Cross building is located in the center of the hospital so that it is easily accessible to all departments. It is equipped with a large recreation hall, a lounge, craft room, five staff offices and a kitchen. The second floor is arranged into attractively furnished living quarters for the staff. These quarters are also used to accommodate families of seriously ill patients, when they visit.

Six Million Pairs Of Boots Received By Russian Army

NEW YORK, March 1. — (INS) — Russian newspaper subscribers reading today the full figures of American lend-lease aid to their country, were impressed not so much with the four billion dollars total of goods sent as with the fact that the Red army received six million pairs of boots.

A CBS correspondent in Moscow told of the Russian reaction as he reported that the Soviet journals today carried "in full" the figures pertaining to lend-lease as released by Leo T. Crowley, foreign economic administrator. The vast supplies of necessary boots for Soviet troops, the last item in the lengthy report, came as welcome news to the population and provided a choice topic of conversation, he added.

Have a Coca-Cola = Hallo, Bracie (HELLO, BROTHER)

...a way to say "Pardner" to a visiting Pole

When a Polish flyer says Hallo, Bracie, he greets you as a brother. The American host means the same thing when he says Have a "Coke", whether he offers it away from home or at home from his own family refrigerator. Everywhere the enjoyment of Coca-Cola is the pleasant expression of friendly comradeship. Around the world, Coca-Cola stands for the pause that refreshes,—has become the global high-sign of the kind-hearted.

Will Curtail Deferments

State Orders Review of
Draft Status Of Many
Deferred Men

By JOHN PAGET
(U.S.S. Staff Correspondent)

HARRISBURG, March 1. — A drastic curtailment of occupational deferments became effective for 422 local draft boards today as Pennsylvania selective service officials strove to create a pool of physically-fit registrants for induction into the armed services.

Col. Richard K. Mellon, director, ordered the cancellation of occupational deferments for registrants under 26 years of age after present replacement schedules expire. Fatherhood will not prohibit 1-A classifications, he added.

Review Ordered
Simultaneously, he directed board members to review 2-A and 2-B occupational deferments of registrants between 26 and 38 years of age and make available for service all those "improperly" given a deferred status. Officials would not disclose how many persons would be effected by the order but it was expected to exceed 50,000.

"With crucial battles ahead," Mellon declared, "it is imperative that we furnish our share of the men required to raise the armed forces to the level of 11,300,000 by July 1, 1944."

All replacement schedules currently in effect will be reviewed "as quickly as possible," Mellon said, to determine whether a particular schedule should be cancelled or whether it should be revised to provide for a faster rate or release.

Force Drastic Program
He emphasized that the shortage of physically-fit registrants forced draft officials to resort to the drastic program which was approved by national headquarters. Overage men, discharged soldiers and women "will have to be used to fill the employment gaps," he asserted.

Only those replacement schedules already filed by more than 1950 industries and essential business will be considered when deferments are made, Mellon said.

"No new replacement schedules will be accepted unless this headquarters is ordered to do so by national headquarters, the secretary of war or the secretary of the navy," he declared.

Until March 15 the replacement schedule division will not discuss deferments with employers. The appeal division, now free of an estimated backlog of 30,000 cases seeking reviews of local board classifications, was operating on a "current basis" and would be able to handle any appeals from the new order.

"I realize that these are drastic policies but I believe drastic steps are required," Mellon declared. "We must tighten up on all deferments in the less critical activities. We must continue to safeguard the activities which are really vital to the war effort—activities such as farming, mining, essential transportation, landing craft production, ball bearing production and aircraft production. We will review the local situation May 1, 1944 to determine future policy."

Submarines, according to Navy custom, never cross the equator; they always dive "under" it.

YOUR FEDERAL INCOME TAX

No. 49

AUTOMOBILE DEDUCTIONS

When an automobile is used for business, deductions are allowable in computing normal tax, surtax, and victory tax for gasoline, oil, repairs, garage rent, insurance, and other necessary operation and upkeep expenses. Deductions are also allowable for damages paid for injury to another while the car was being used for business purposes, and losses from damage to the car while being used for such purposes. Of course, such damages and losses are not covered by insurance or otherwise. Depreciation based on the cost of the car and its estimated useful life also is deductible.

Certain other items are deductible for normal tax and surtax purposes but not for victory tax purposes, irrespective of whether the car is used for business or pleasure. Such items include sums paid during the taxable year for personal property taxes and municipal taxes, interest on money borrowed on the security of the car, and losses by fire or storm or theft, to the extent not compensated for by insurance or otherwise.

Damage to an automobile maintained for pleasure, where the damage results from the faulty driving of the taxpayer or other person operating the automobile, but is not due to the willful act or negligence of the taxpayer, is a deductible loss in the computation of normal tax net income and surtax net income. If a taxpayer's automobile is damaged in a collision due to the faulty driving of the other driver, the loss to the taxpayer is likewise deductible.

Fees paid for automobile inspection and automobile title registration of automobiles used for pleasure are not ordinarily allowable deductions.

Hodge Speaks To Lions Club Tuesday

Tells Of Experience In South
Pacific Area At Luncheon
Meeting

Petty Officer, 1-c John R. Hodge, home on furlough after a year and a half in the South Pacific, which included two months on Bougainville, from the time the Marines landed, until they were relieved by men of the army, spoke to the New Castle Lions Club on his experiences at their noon luncheon meeting, Tuesday, in The Castleton.

His talk was much enjoyed by the Lions as he gave them a word picture of the action in that area. Other speakers included Ensign Nancy Lancaster, of the SPARS, who was accompanied by Seaman Nona Ratcliffe. She spoke in behalf of the recruiting campaign for SPARS now under way in the district.

Chairman Glen McCracken, in charge of the recent bond sale campaign, announced that total sales amounted to \$183,328.50. Frank Webster was awarded a prize for securing the greatest number of applications, 35; Sam Rashid received the prize for the largest sales, which totalled \$8,250.

Seven new members, recently received by the club, were initiated. They are George S. Bauman, William L. Belknap, John R. Bigler, Raymond D. Cunningham, Robert M. Phillips, Earl A. Ridge, and Dewey A. Shiftlet.

Union P. T. A. To Repeat Program

"Ye Old Time Singers And Entertainers," To Repeat Program Friday

Because of the numerous requests received since the presentation of the entertainment entitled, "Ye Old Time Singers and Entertainers," last week the Union Township P. T. A. will repeat the program on next Friday evening, March 3 at 8 o'clock, in the Union Township high school auditorium.

The cast includes 36 members and friends of the organization who present a program of old time song numbers, garbed in costumes appropriate to the times.

ALDERMAN PRITCHARD WILL MOVE OFFICES

Alderman Edward D. Pritchard, of the Second Ward, has purchased the old Dr. Porter property at 120 North Mercer street, which is now being remodeled and will be occupied by him as offices, as soon as the work is completed.

The new rooms are more commodious than his old offices on East street, and will provide a larger court room.

HEALTH QUIZ

Do you have poor digestion? ☐ YES ☐ NO
Do you feel headachy after eating? ☐ YES ☐ NO
Do you get sour or upset easily? ☐ YES ☐ NO
Do you feel tired—listless? ☐ YES ☐ NO

Now everyone knows that to get the good out of the food you eat—you must digest it properly. But what most people don't know is that Nature must produce about two pints of the digestive juice—liver bile—each day to help digest your food. If Nature fails—your food may remain undigested—lie sour and heavy in your digestive tract.

Thus, it is simple to see that one way to aid digestion is to increase the flow of liver bile. Now, Carter's Little Liver Pills start to increase this flow quickly for thousands—often in as little as thirty minutes. When bile flow increases, your digestion may improve. And, soon you're on the road to feeling better—which is what you're after.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills are taken as directed, Get Carter's Little Liver Pills today—at any drugstore—only 25c. You will be glad you did.

"You're giving to me when
you give to the Red Cross!"

ELEVEN million men in the services—but one alone whose name you never forget—one alone for whom you would do anything, give anything.

Through every dreary day you are buoyed up by thoughts of him. The long lonely nights are a little less lonely when you can read his letters, see his picture upon your bedside table.

And yet there is so little you can do for him. If only you could be sure of helping him when he needs you most.

But you can be sure. For you give to him when you give through your Red Cross.

Wherever he may be stationed... in camp or abroad, in desert, in jungle or icy waste, the Red Cross is at his side. Your Red Cross is there with "coffee and"

when he finishes a long exhausting march.

Your Red Cross is there when he is lonely and lost in some strange city on leave.

Your Red Cross provides hostels, cantines, "a bed with clean sheets," cheer, comfort and companionship for him no matter where he may be.

Well or wounded, your Red Cross is at his side. The blood you gave goes to him, thanks to your Red Cross. His convalescence is made easy with books and games and gifts from a Red Cross worker.

Hear Beerbower And Eckels Tell Of Local History

County Historical Society
Meets At Senior High School
Building Tuesday Night

One of the most interesting of recent meetings for the Lawrence County Historical Society was held Tuesday evening at the senior high school. An unusually large attendance of nearly 100 filled Study I of the building to capacity.

Speakers were J. E. Eckels of New Wilmington, whose subject was "Manners and Customs of the Amish" and C. W. Beerbower of Sunbury, who told of Indian trails of this vicinity.

Mr. Eckels told of the customs of the Amish and Mennonite people illustrating with charts which showed the populations of the various congregations throughout the United States.

Shows Indian Trails
Many interesting maps which Mr. Beerbower had copied or borrowed in the course of his intensive research into the history of Indian trails in the days when Indians were inhabitants of this section of the country were displayed by him in the course of his talk.

Site of the former Indian town of Kuskuskeag, Mr. Beerbower says, is about 2 1/2 miles below the junction of the Shenango and Mahoning rivers near Moravia. He also displayed an extensive collection of Indian relics of flint.

President of the Historical Society, Mrs. R. F. Roberts, who presented with a handsome new gavel. Head of the gavel is made of walnut wood which came from a rail fence on Sunbury farm and the handle from curly maple that came from a boundary line marking of the Lawrence-Mercer county line. Presentations of the gavel was made by Dr. A. S. Kirkbridge, of New Wilmington.

Dean Recalls How Plasma Aided Him

Local Marine, Invalided Home
From Guadalcanal, Was
Helped By Plasma

Another local soldier, William Dean, who served in the fighting marines, knows the value of blood plasma, as it helped to save his life when he was badly wounded on Guadalcanal, when the Japs bombed Henderson field, in the early stages of the campaign in the Solomons.

This was in January, 1943, and Dean fell with wounds in the head and shrapnel in his legs. He was serving as a gunner and mechanic on a divebomber, attached to the First Division, U. S. Marine Corps.

For over four months afterwards, he was in hospitals in the New Hebrides, New Zealand, and Oakland, Calif. He obtained his honorable discharge because of these wounds in January, 1944, and is now employed at the Aluminum plant here.

The Red Cross Blood Bank, which will be here the rest of this week and all of next week at the First Presbyterian church, has been established to secure blood from local donors, so that a plentiful supply will be available at all times for our wounded men at all times.

Some of the Sunday schools outside of New Castle that have reported points gained in the "Victory" Pre-Easter increase campaign being sponsored by the Lawrence County Sabbath School association, are as follows:

Wampum District—Wampum Presbyterian had an attendance last Sunday of 77, which gives them a total of 15 points. The West Pittsburgh Methodist had an attendance last Sunday of 31, which gives them 2 points.

Wilmington District—The Neshannock Presbyterian had an attendance last Sunday of 125 or a total of 11 points; the East Brook U. P. 30 or a total of 10 points; the New Wilmington Methodist 140 or a total of 40 points which gives them a good standing. The report of the New Wilmington United Presbyterian is not in for last Sunday, but they had a previous total of 20 points.

Funeral Tuesday For Rev. C. E. Houk

Locally Known Pastor Dies At
New Concord, Ohio; Services
At Slippery Rock Church

Funeral services for the late Rev. Clarence E. Houk of New Concord, Ohio, locally known pastor who has preached from time to time in the surrounding vicinity, were held Tuesday morning from the Slippery Rock Presbyterian church, near Ellwood City.

The deceased, sixty-six years of age, was the son of Alexander and Susan Young Houk. Besides his widow, Mrs. Margaret Glenn Houk, he leaves three brothers, John, of Castwood; Braden, of San Jose, California; and Clyde, of Ellwood City. Another brother, Dallas, preceded him in death. Also, he leaves two sisters, Mrs. Carrie Bookamer and Mrs. Will Swoop, of Castwood, and the following children: Dale Houk of Pittsburgh; Mrs. Mildred Downing of Bowling Green, O.; Mrs. Margaret Ross of Cochranton, O.; Sgt. Glenn Houk serving in England and Edwin who is enrolled at Wesley Theological Seminary, Pittsburgh. Also, he leaves eight grandchildren.

A large gathering of relatives and friends attended the services with the Rev. Charles Bell in charge. Prayer was offered by Rev. Thomas Berger, pastor of the Slippery Rock Presbyterian church and Rev. Joseph E. Pringle, pastor of Bell Memorial Presbyterian church, Ellwood City. A solo was also sung. Many beautiful floral tributes were received.

Rev. Houk preached at Claverville, Freeport, Butler and Fayette counties during his pastorate, and his host of friends reached in a wide circle.

Interment was made in the church cemetery with Carl Richards, Russell Houk, Braden, Dallas and Thurman Bookamer and Kenneth Houk, pallbearers.

OHIO FIRM GIVES TO RED CROSS HERE

Among the large contributions received by Numa F. Vidal, captain of one of the teams soliciting in the business district, was one of \$100 from the Carlson Electric Company, of Youngstown, which has wiring contracts here.

In addition, every man on the job has contributed a day's pay to the Red Cross, which is a splendid mark for other firms and workers to shoot at.

THREE AUTOS COLLIDE

Robert Davis, 1013 Winslow avenue, Robert J. Barton and J. Braden, E. F. company, allegedly drove autos which figured in an accident at Croton avenue and East Washington street yesterday afternoon. The car of Braden reportedly skidded because of ice conditions was responsible for the crash according to Davis report. Davis and Barton's cars were stopped for the traffic light. The damage to all amounted to several hundreds of dollars.

Seventh Ward Good Sledriding On Madison Ave.

There was quite a crowd of youngsters out on West Madison avenue hill on Tuesday evening enjoying the splendid winter pastime of sledriding.

Toward evening, the weather grew cooler with a little more snow, and the street surface became as glass, and was perfect for sledriding.

There was a number of the air warden and auxiliary police of the ward in attendance for supervision from 6 to 9, and looking after the safety of the young folks. A red lantern was placed at Second street, First street, and two at North Lafayette street.

Mrs. George Senheiser, president of the Mahoningtown Sentinels, states that one little fellow about 8 years of age was having such a big time, exclaimed, "O boy, I have been waiting ten years for sledriding like this."

ENJOY RECREATION AT METHODIST CHURCH

Youth Fellowship members of the Mahoning Methodist church, sponsored a recreation night, Tuesday evening, in the social room of the church, when there was a good attendance of young people and adults.

There was a variety of table and floor games suitable to different groups, and much enthusiasm was manifest in this innovation.

The committee in charge of the refreshments was Misses LaVida Sturgis and Philomena Sparano; and the committee on games was Clair Arbie and Miss Georgeanne Heidish.

Rev. Warren A. Bugbee, pastor, and Miss Alma Wolverton, supervised the gathering.

Another recreation night is being planned for the near future.

EVEN CYCLOPS COULD SEE IT

See what?

That electric rates are much lower now than they used to be.

Come again?

It's the truth. The average family gets about twice as much electricity for its money as it did 15 years ago.

Quit clowning! Seems to me my bill gets bigger every year.

Know why, don't you? Because all along you're using more service, more appliances—to make home life easier, more efficient. For example, you're using an electric range now, aren't you?

Sure. Got it—oh, five years ago.

And a washing machine for your wife?

Yep. No horse-and-buggy days for us.

And didn't you buy an electric refrigerator back in those dear, dead days before the war, when there were such things? And a couple of electric fans one hot summer?

Okay, okay. You win.

No—you win. You win the greatest household and industrial servant of them all—electricity. And at rates that have stayed down while the cost of living—as it always does in wartime—has gone up. Something to keep in mind, isn't it?

You said it, brother!

STOCK MARKET TRADING MIXED

Selling Of Yesterday Appears To Have Run Its Course During Morning

NEW YORK, March 1.—(INS)—The stock market was mixed and narrow today with sales running at a slow, listless pace. The rather persistent liquidation that depressed the market yesterday appeared to have run its course, and a few issues made moderate recoveries. Liquors were mixed with American Distilling stamped declining more than a point before meeting support and Park & Tilford jumping well over a point.

Rails and aviation were steady, with a few issues showing small recoveries from yesterday's losses, while a higher earnings report brought a fractional advance to Goodrich in the rubbers. Communications, motors and oils were firm. Utilities were quiet, and easier. Bonds were quiet, with a few rail bonds easing.

TENT HALL

Mr. and Mrs. Ben Montgomery of Grove City, visited in the home of their brother, F. A. Montgomery Wednesday afternoon.

Mrs. Elmer Baird returned home Thursday from a week's visit in Washington county and with her brother, Ernest Fisher in Pittsburgh.

Mrs. Jess Corbin, a former resident of here and last week and a number of the neighbors visited the bereaved family at the funeral home in Harlansburg, Thursday evening.

Junior Mission band met Saturday afternoon with the Stratwell children.

The community was shocked to receive word Sunday of the death of a former pastor of Mahoning, Rev. A. G. Montgomery, now of Lincoln, Pa. He was very sick with pneumonia a few days. Several from the church attended his funeral Tuesday at that place.

Mrs. F. A. Montgomery had the misfortune recently to fall and dislocate the middle finger on her right hand, which has been causing her some discomfort.

Rev. and Mrs. Kenneth Shepherd and sons were supper guests Thursday evening of Mr. and Mrs. Francis Kuhn.

Mr. and Mrs. Elmer Baird were guests Sunday in the Boyd home at Princeton, Pa.

Mrs. Margaret Callender of New Bedford gave \$500 and Paul E. E. of Calif., \$50, in care of the Mahoning church as a fund toward the fixing up of the cemetery at the church. It is hoped that others who are interested in the preservation of this spot, where many have relatives buried, will add to this fund so that something may be done and a perpetual care be given this cemetery.

March Into Tokio Will Not End War Is Grew's Opinion

BOSTON, March 1.—(INS)—Former Ambassador to Japan Joseph C. Grew envisioned today a continuation of the war against Japan even after American forces have marched into Tokio.

The war with Japan will be long and tough, for parts of the far flung empire of our enemy in the Pacific will fight on even after we march into Tokio," he said.

Speaking to a rally launching the Red Cross war fund drive, the former ambassador declared "the showdown must be complete and irrevocable or our sons and grandsons will be fighting this war over again."

Recalling the recently disclosed Japanese atrocities against American prisoners of war, the Boston-born diplomat said, "In Japan's methods of warfare and in the minds of the Japanese military there is no room for humanity."

Grew warned that as soon as Japan sees defeat ahead she will try to tempt us with the "sugar-coated pill of an inconclusive and compromise peace."

MILLBURN

MILLBURN GRANGE Millburn grange made plans for a card party at the hall on Tuesday evening, March 7, when they met for their regular meeting on Friday evening. Mrs. John Masson, Mrs. Harry Metzgar and Mrs. J. P. Hart are the committee in charge. The lecture hour was in charge of Mrs. Betty Armstrong. It consisted of patriotic music by the grange, a poem, roll call of "Information about Washington," a discussion of "Our Responsibilities in the Work and Recreation of Our Community" and games.

LADIES' FRIENDSHIP CLUB March meeting of the Ladies' Friendship club will be on March 23 instead of March 16, the regular date. The change was made so that the club may hear a specialist on upholstery from State college who will be in the county at that time.

MILLBURN NOTES The annual community supper for Union and Mill Run school districts will be at Millburn grange on Friday evening, March 3. Serving will start at 7 o'clock.

John Lukacs, seaman 2-c, who has completed his V-12 training at Dartmouth college, N. H., arrived home Friday evening for a 10-day leave. At its close he will report to Floyd Bennett Field at Brooklyn for training duty at Air Ferry Squadron, temporary duty before being assigned to pre-flight training.

Mrs. M. B. Orr returned home last week after having spent the past few weeks in her son's home at Rousseville. Mr. and Mrs. Harold Orr and children were Sunday guests of Mrs. Orr.

WATER AFTER SUPPER HELPS COWS TO GIVE MORE MILK

Lawrence county dairymen who study the likes and dislikes of their cows and then cooperate with the cows in their findings are the ones who get the most milk from their feed.

One of the important factors is to find out when the cows like to drink the most water. After the evening feeding is when most cows have a preference for water. Cows that have access to drinking cups can drink any time they wish and from 7 to 8 o'clock in the evening is when they drink most.

Cows that are let out in the yard to drink out of a trough do not have a choice but must drink when they are turned out. Cows need water in proportion to the milk produced, point out extension dairy specialists of the Pennsylvania State college.

If the cows do not get sufficient water, they milk in proportion to the water consumed.

Where cows are turned out to a trough for water, the best practice is to water after feeding in the morning and after feeding at night, the watering practice should be based on the fact that the cow needs more water than any other farm animal and that milk production is correlated very closely with the water consumed.

ADDITIONAL VEGETABLE VARIETY SUGGESTIONS

Gardeners will find it wise to obtain their vegetable seeds while desirable varieties are available. Included in this list are some of the crops that occupy large space in the garden.

Gardeners who train their tomatoes up on stakes like the Pritchard variety very much. Otherwise the Stokesdale variety or Rutgers is the late crop should do well here, both for use fresh and for canning and juicing.

If early small peppers are desired, the variety Sunnybrook may be planted, but for all other uses there is nothing better than the California Wonder.

Where there is enough space in the garden for growing vine crops, good use can be made of the Queen squash as an early baking variety and Summer Straightneck for boiling. The late varieties for cooking, baking, storing, or making squash pie, include Delicious and True Hubbard, but if taste demands the true pumpkin pie flavor, some Sugar Pie variety of pumpkin is desirable.

The A & C Straight 8 the Black Diamond varieties of cucumber produce excellent slicing cucumbers, and while the small fruits may be used for pickling, National or Chicago Pickling varieties are better adapted to pickle making.

Home gardeners will not have much choice in selection of onion varieties this year, but Ebenezer sets or Bottle variety sets are good, while plants of Utah Valencia either purchased or grown indoors at home will give satisfaction. The stronger flavored Yellow Globe variety may be seeded outdoors early in a good soil if neither sets nor plants of the other varieties are obtainable.

NING SEASON AHEAD

Now is the time for every Lawrence County homemaker to check her canning equipment to see that it is in good condition and what new supplies will be needed.

Gauges on pressure cookers need to be checked at least once a year so it now before the manufacturer becomes rushed and you get into the thick of canning. Unscrew the gauge from the cooker, pack it carefully, and return it to the manufacturer for checking. There is a small fee for checking the gauge, but when a new one is required the cost will be higher. Clean the petcock and the safety valve and freshen the cooker by processing potato peelings in it.

Sheet aluminum will be used for making 1944 pressure cookers which will be equipped with the prewar pressure gauge. There are some 1943 Victory canners available which are satisfactory if directions are carefully followed. Write to the manufacturer for his latest directions on the use of his canner.

There will be a few lids and rubber rings made for wide-mouth jars. These lids and rings may not be found in all stores in all parts of the county so homemakers who have wide-mouth jars are advised to buy what they need when they see them.

No half-pint jars will be made in 1944. The only sizes will be pint, quart and two-quart jars. A few of the standard Mason size zinc lids with porcelain lining will be available this year. The 63 mm. lids to use on coffee and other off jars will be more plentiful this year.

More boiling water baths will be made this year than there were last year. There also will be more jar lifters on the market.

Rubber jar rings for 1944 canning will be made of reclaimed rubber and synthetics. These wartime rings will require a little different handling from prewar rubber rings.

American-Born Arab Comes From South Africa To Join Army

FORT SHERIDAN, Ill.—(INS)—All the miles between Highland Park, Mich., and Prestown, Sierra Leone, West Africa, couldn't keep an American-born Arab from joining the United States army.

He is Abraham Osin, now a private taking his basic training in a special training unit at Fort Sheridan.

The American army, stationed in Liberia, West Africa, refused to enlist Osin, so he paid his passage to his birthplace, Highland Park, in order to join the army.

Osin's father, Syrian-born, took his son to Syria when he was 10 years old. Young Abraham went to school in Tabin, near the ancient city of Damascus.

Later Abraham went to Sierra Leone with a colony of Sierra Leoneans and entered the dry goods business with his father. Abraham also worked in Liberia, the American protectorate in West Africa.

When the American forces came to Liberia, Osin tried to join, but enlistment, even of an American citizen, was not authorized.

Although he couldn't serve in the army, Osin used his contacts with the natives to obtain fresh produce and meats for the army camp and transported supplies in his trucks.

But Osin wasn't happy. He didn't think he was doing enough for the war effort. He was an American, he said, and every able-bodied American should be in the armed forces. So he came back to the United States in October, 1943.

By Dec. 19, 1943, Osin was in the army and arrived at Fort Sheridan two weeks later.

Former Workers At Keystone Plant At Camp Reynolds

GREENVILLE, March 1.—A great percentage of the Keystone Ordnance workers available in the Mercer-Crawford county area have been retained at Camp Reynolds.

Capt. Henry J. DeWalt, civilian personnel officer, stated in an interview today.

New employees at the army camp are drawn mainly from the area south and west of Meadville, and the majority are former employees at the ordnance plant.

Reporting "splendid co-operation" from the War Manpower Commission and the United States Employment Service, Capt. DeWalt stated that civilian employees at the army camp have been increased by 24 per cent during the past month.

NEWS AND VIEWS AT CAPITAL

HARRISBURG, Feb. 29.—Gov. Edward Martin probably will call the legislature into a special session because legislative leaders have agreed that the current soldier voting law does not permit sufficient time for members of the armed services to obtain and return their ballots to county commissioners.

Several legislators have indicated the time limit will be extended to 90 days. Governor Martin has indicated a reluctance to convene an extraordinary session because of the cost but has promised to aid soldiers and sailors to vote in the 1944 elections.

The proposed special session will be the 22nd since 1791 when the commonwealth started functioning under a constitution. If the session, which the governor says can be concluded within two weeks, last less than 30 days the salary bill of the legislators will total \$129,000. If the session extends beyond a month, the lawmakers will receive an additional \$250 or a total of \$64,500.

The last special session, convened by former Gov. Arthur H. James in 1942, cost the taxpayers approximately \$389,000. The assemblymen met for 62 days.

The Department of Labor and Industry has disclosed that approximately \$340,480,999 was paid up to May 31, 1943 in benefits since the inception of the workmen's compensation act January 1, 1916. Of this sum, \$128,673,693 was awarded in 41,663 fatal cases, \$32,831,069 in 75,092 permanent disability cases and \$128,976,237 in 1,693,204 cases of temporary disability.

The department said the amounts paid for medical, surgical and hospital services were not included but officials estimated it to be approximately one-third of the totals.

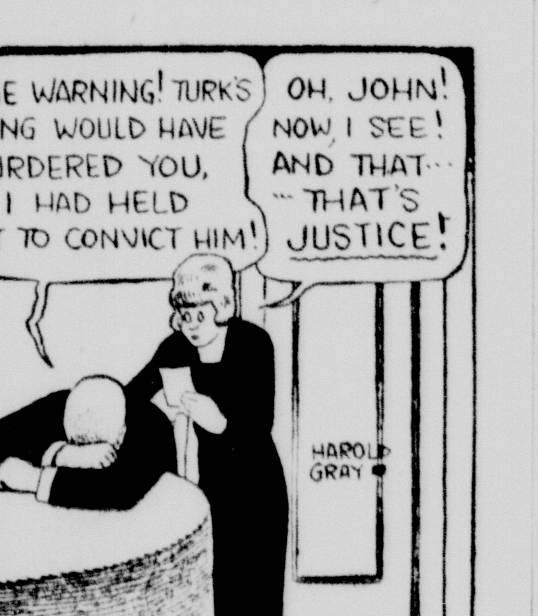

The "right of way" organ of the Pennsylvania threshers and farmers' protective association, has stated editorially that a national work draft "would be second only to a general strike in the destruction of America's morale."

POSTHUMOUS AWARDS

GROVE CITY, Feb. 29.—Intimate friends and relatives of S-Sgt. Robert E. Spalding, aerial gunner killed over Europe November 5th, were present when Lt.-Col. Joseph Marx of Pittsburgh presented to the mother, Mrs. Anna K. Spalding, Liberty stars, the awards won by her son.

In addition to the Purple Heart, a posthumous award of the Air Medal and oakleaf cluster was made. S-Sgt. Spalding was credited with shooting down an enemy plane and with five successful missions. He was recently awarded the Army Citation of Honor.

REASONABLE DOUBT

White House Draft Directive Puts Baseball On Spot

Close 70 Per Cent In A. L. Face 1-A Reclassification

Age And Physical Condition, Not Family Obligations, Now Main Factors In Selective Service.

By DAVIS J. WALSH
(International News Service Staff Writer)

CHICAGO, March 1.—(INS)—The risk of being stoutly assailed by these patriots of the press and diamond who seem committed to the notion that only blackguards, bounders, cads and foreign agents speak timidly of baseball's chances for war-time survival, it no longer is possible to ignore the fact that the game today is really in a spot. In fact, if the recent White House directive on the draft is to be taken literally, baseball is coming to the gravest crisis it yet has been asked to face.

The directive, boiled down to its essential meaning, ordered the manpower authorities to establish age and physical condition, not family obligations, as the deciding factor henceforth in selective service. This, in turn, has several secondary meanings, and both seem wholly clear.

3-A Practically Out
For one thing, the 3-A classification as a basis for deferment (baseball has many men in this category) would seem to have been practically wiped out. For another, the ruling, tacitly called for draft board concentration on all men in all walks of life between the ages of 18 and 30.

Taking that interpretation at face value, we come to this doubtful but inevitable conclusion:

Some 68 percent of the players personnel in the American League alone faces immediate re-classification in 1-A.

National league player lists are not yet available here but it's assumed that the above estimate holds equally true in that organization.

As told, the official lists of the American league clubs shows these interesting, if disquieting figures.

Over 170 Under 30

Total of men under 30 years of age, —172. Total of men, 30 years of age or over, —86. It needs no mathematical genius to establish the fact that the latter figure represents less than 11 men per club, only the distribution is far less equitable than that.

For the St. Louis Browns and Washington Senators have more than one-third of this semi-exempt list, between them. The Browns have 19 men under 30, with 14 apparently immune from the draft.

The Senators' score is 17 in each class. The Cleveland Indians and world's champion Yankees might be the hardest of all. They have 25 players who, on their listed ages, could go automatically into 1-A. And only six who shouldn't, but still might. The Indians show 23 men under 30 as against nine who are either at or beyond that age. The Yankees' reading on that is 21 and nine.

Savold Strange, Uncertain Fighter

Coming Scrap With Joe Baksi Will Test Lee's Luck In East

By LAWSON CARVER
(International News Service Staff Writer)

NEW YORK, March 1.—Lee Savold is a strange unpredictable fighter. There have been times in his career when he looked good enough to beat Joe Louis the best day the heavyweight champion ever saw. On other occasions you wouldn't give a nickel for all 132 pounds of him on the hook, with or without ration points. What will he do with Joe Baksi?

Somewhat or other the east has always been hard luck for Savold. He has made his best fights elsewhere and, in contrast to be a sort of second-rater here, is rated as a top flight performer in Chicago and environs.

Promoter Mike Jacobs has matched him with Baksi—the conqueror of Tami Mauriello—for March 10 at Madison Square Garden and outcome of the bout is likely to be determined by whether Savold feels like having a good evening or another one of those sestas that he sometimes has enjoyed, while the customers yawned and wished they had stayed in the corner beer joint in the first place.

Baksi Temporary Hero
Baksi is a temporary hero around here. The fight customers over-look his greenness and insist that he at least gives them their money's worth, a pleasant surprise at that, and the Garden will be packed to the chimney for this forthcoming encounter between the John-combatively-Baksi—and that disappointing veteran from Des Moines and New Jersey, Savold.

The mere fact that Baksi will keep right on walking in without a quiver or a moment's hesitation establishes the fight as a fight, rather than as a pawning and tugging match.

One thing the current crop of heavyweights have to be thankful for is that as soon as they score a half-way decent victory they don't have to meet Louis for the title and get their brains knocked out.

Bivins Defeats Lee Q. Murray

Cleveland Clubs Way To 10-Round Decision; 13-774 Fans See Card

CLEVELAND, March 1.—(INS)—Jimmy Bivins, Cleveland negro "duration" heavyweight champion, today had his revenge for the near beating given him by Lee Q. Murray of Connecticut last December.

Bivins clubbed his way to a rough, tough 10-round decision over Murray before 13,774 fans who paid \$61,495 to establish a new indoor Cleveland fight record last night.

Bivins took command after an even battle in the first five rounds and in the ninth he spilled Murray for a nine-count to insure a decisive margin.

In the ninth, Murray was slow coming out of his corner and Bivins met him with a hard right that sent him down.

Murray was staggering when he arose after the ninth count but danced to safety. Bivins routed the easterner again in the final round.

Sgt. Barney Rees, former welterweight champion and Marine corps hero, converted two historic sets of boxing gloves into \$235,000 worth of bonds at the fight.

That 53-inch, 44-pound musketeer lunge taken from Connecticut Lake last October by Durant F. Zuschlag of Greenville may possibly have been the second largest muskie caught in the United States during 1943. The nation-wide fishing contest, conducted last year by Field & Stream magazine brought ten prize-winning muskies ranging anywhere from 40 pounds up to 54, with all but two having been lured from Canadian waters. Zuschlag's 44-pounder was not entered in the contest but equaled in weight the fourth-placed. The first and second largest were taken in Ontario, the third in Wisconsin.

Apprentice Seaman Jim Barron has been loan to the Penn State basketball team for its final game with Carnegie Tech tonight. The Franklin youth, who formerly attended Westminster College, has been assigned to Asbury Park, N. J., for pre-midshipmen school training. He is one of a number of Lion athletes lost via mid-year transfer of Navy V-12 personnel.

Ollie Vanek, who piloted Lynchburg in the Piedmont League last season, has been named playing manager of the Allentown Cardinals in the Interstate League.

Pittsburgh boxing show which found Bill Miller outpointing Bobby Garcia drew a gate of \$10,000. Next Monday night Curtis Shepard will box Buddy Walker in a heavyweight battle.

Jim Hooper, stand-out right hand pitcher of the Toronto Internationals last season has signed a contract with the Pittsburgh Pirates. The amount paid for Jim has not been divulged but it ran into five figures.

Al Abrams reports there's an amateur fighter in Philadelphia who calls himself Kid Canvas which recalls that some years ago there was a Youngstown boxer who later studied at Westminster named Pal Kansas. However, Pal Kansas never made much use of the canvas as a place to sleep.

Billy Soose, Farrell, former Penn State star who rose to middleweight heights in the boxing world, is now at Great Lakes Naval Training station. Until recently the ensign was stationed in the Aleutians.

Madonna Big Five Nips Polish Falcons

After trailing in the early stages of the game, Madonna's Big Five rallied to nip the Polish Falcon quint, 46-45, on K. Pulaski floor.

Korab, Union high star, flipped 22 points for the winners while the Kozela brothers, Al and Ray, pitched 16 apiece for the Falcons.

In a meeting with the St. Vitus Mission quint, Korab tallied 25 markers as the Madonna passers won a 55-38 decision. Wellman and Jamison featured for the losers.

Benny Bengough To Coach Braves

BOSTON, March 1.—(INS)—Benny Bengough, former American League catcher has signed to coach with the Braves. It was disclosed today by John Quinn, secretary of the Braves. Bengough has been a coach for the Washington Senators for the past four years. Active in baseball since 1917, Bengough established his reputation as one of the best receivers in the business while playing with the New York Yankees in the 1927 and 1928 world series.

Sports Ramblings

Scribbled while watching the snowflakes:

Wampum's heart-breaking loss to Evans City recalls a similar happening in 1936 to New Castle high. Bart Richards who watched the Games drop a 36-35 decision to Newport in the state finals held in Harrisburg, was reminded of the hard-to-forget defeat after skimming through the account of Wampum's loss to Evans City in the final six seconds. "New Castle, like Wampum, led by one point with less than 10 seconds to go. It was jump ball, a scramble. Out of the pile came up a thin lad with the ball. He took a desperation shot. It zipped straight through," my fellow journalist recalled today.

Pittsburghers, as well as localities, regretted to learn that the colorful Indians were kayoed. Generally regarded as one of the classiest WPIAL teams, Wampum created unprecedented interest because of its one-handed shooting maneuvers. Smoky City cage addicts were rooting for the Hennomen to reach the Pitt stadium so that they could get a glimpse of the locals' single-handed blitz. With the same team back next year, I'll not only pick the Indians to repeat in Section 21 but select the Hennomen as the Class B WPIAL coronet winner—provided the quintet isn't broken up.

Ed Bradley, former Mt. Jackson area basketball and a member of Penn State's squad, fell in line yesterday, according to a report reaching this desk. J. H. McKenzie Jr., a mere lad of 17, was presented with a medal during the recent Sportsmen's Revolver club Homestead Night proceedings. . . . Because of a 14-day idle spell, Sharon high, District 10 crown seeker has booked a cage fray with Ellwood City for Friday night at Sharon. The Tigers, who haven't dropped a set since losing to New Castle, 34-33, battle the Erie county representative on March 14.

Ellsworth Vines is proof that it's possible to climb the star-studded steps in both golf and tennis. Among the greatest racket wielders in the history of the game, Vines quit tennis now looms as one of the best nubbik swingers. Recently, he was named pro of the famous Denver Country club. . . . Alsb, the \$700 bargain colt, has netted Owner Al Sabath a cool \$349,870. The five-year-old colt is pointing to Whirlaway's money-winning mark of \$560,000. . . . Rodney Caudill, Ohio State's cage star, didn't play in any of the Bucks' road games. Because of an accelerated course in the college of medicine, he was unable to leave the campus.

Frank Frisch Names Tentative Buc Lineup

PITTSBURGH, March 1.—(INS)—There are going to be changes aplenty in the Pittsburgh Pirates lineup during the 1944 season if Manager Frankie Frisch, presently recuperating from a minor operation, has his way.

"If the changes I have in mind now work out with Bob Elliott in right, Jim Russell or Vince DiMaggio in center and Frank Colman in left, we should have some hitting power," Frisch pointed out in speaking of the outfield.

"Lee Handley goes to the hot corner and Babe Dahlgreen is to take over first base," he continued, "but short and second—I don't know the answer to this one. Pete Coscarart or Frankie Gustine will look after the keystone bag, with Frank Zak or Tony Orzenana, both newcomers, at shortstop."

Twirler Hopper Signs Buc Papers

PITTSBURGH, March 1.—(INS)—The Pittsburgh Pirates' baseball club today announced receipt of the signed contract of Jim Hopper, Charlotte, N. C. hurler for the International League's Toronto club last season.

Pirate Manager Frank Frisch said he regards Hopper as among the best "pickups" of the year. Hopper was purchased by the Bucs for a five-figure money consideration under working agreement privileges.

Faculty-Alumni Tops Union High

Varsity Bows By 30-25 Count; Cowmeadow Leads Attack. Flips 14 Points

Union Township high's faculty-alumni combination surprised by handing the Union varsity a 30-25 setback yesterday on Union floor.

The winners held the lead throughout. At halftime the varsity trailed, 16-10. Cowmeadow and Patton featured for the victors while Korab's 13 points proved tops for the losers.

In an added feature, a team comprised of alumni-faculty women defeated the senior-junior girls, 23-22. The 7A team whipped the 8A quint, 12-5, in the prelim.

Eagleson's Team Wins Tourney Tilt

Oakmont's Last Period Play Nips Sharpshooters 40-38; Duquesne Tops Uniontown

Coach John Eagleson's conservative style of play continues to pay dividends.

The former New Castle high pupil, who coached New Wilmington to the Class B WPIAL championship last season and later became mentor at Oakmont, nearby Pittsburgh, guided his proteges to the Section 19 crown and last night saw his boys win over Sharpshooters, Section 13 boss, 40-33, in a first round B match at Pitt stadium.

Eagleson's pupils trailed 32-26 as fourth period play started. Oakmont's zone stifled the Sharpshooters throughout and resulted in the two-point triumph.

In the Class A feature, Duquesne didn't show too much class in disposing of Uniontown, 37-24.

Tonight, the WPIAL tourney continues with Rankin facing Freeport and Clark battling Washington. Both games, the latter a Class B tilt, are carded at Pitt stadium.

Tourists Are Quite Stunned

Florida Colony Hears Gas Not Available For Return — New Castle Items Of Interest

By JAMES P. CALDWELL (Special News Correspondent)
ST. PETERSBURG, Fla., March 1.—Thousands of tourists who came to Florida by auto were stunned this week by the announcement that they are not to be given gas to return home. The news appears to have been dropped from Washington. It hit the nation's highways and, in turn, exploded to the public. The cruel suggestion was made that cars be shipped home or sold. The sandy soil is being crunched with tears. Mr. and Mrs. Carl A. Hart slipped in to train a few days ago. Mrs. Hart, who takes an active interest in Lawrence county politics, is starting the political situation in Florida with reference to the coming presidential election. She believes that, as there are so many northerners here, Florida would be a good state in which to break the solid south. Senator Claude Pepper, who was here this week at the unveiling of a memorial to the men who have lost their lives in the service, did not give her much encouragement. The memorial was erected in Williams Park and contains over 100 names. Mr. and Mrs. Chester Reynolds are also late arrivals. Chester wants to get a line on the spring styles for men. So far the principal study has been "hats". The straw hats differ much from last year, except that the bands are not so gaudy; consequently, don't have so much sex appeal. There is a tendency, among smart wearers, to turn the brim down all around, which gives it an umbrella like appearance, and hides any evidence of a needed hair cut. Mr. Reynolds is not so sure that this mode of wearing a spring

hat would meet with the approval of the barbers in New Castle, so he has crossed it from his style book. Neckties are not so brilliant as last year as the leading Necktie girls here have found that since so many young men have taken to the army, there is not the demand for dazzling colors. Older men have long since learned that they can't rejuvenate themselves with a "flashy" necktie. As for the balance of men's spring wearing apparel there is not much change from last year. Palm beach suits have lost perhaps a half-inch from the tail, and the trousers have the same tendency to bag at the knees. White trousers are still worn by the elite who don't do much sitting, but tan or a darker shade seems to be more popular with defense workers. Not being familiar with the technicalities of the men's furnishing business I will leave it to Mr. Reynolds to elucidate when he gets home. Mrs. J. A. Martin is another New Castleite who has arrived here during the past week. She is more interested in the heat of the sun than in styles and fits as the weather very nice. In fact this has been one of the warmest winters that Florida has had in many years. At this writing it is 80 in the shade. Mrs. Carrie Hileman gave a party to some of her friends at the municipal pier this week. Among those present were Mrs. Harry Brindle of Pittsburgh, formerly of New Castle; Mrs. Ella Dambough and Mrs. Annie Shippler of New Castle and former Judge and Mrs. Prather of Meadville. The "leftovers" were given to the pelicans, who enjoyed the feast hugely. "Bill" Walton and sister, Mrs. Jessie Mayne, will leave for home in a few days. Mrs. John Emery and Mrs. J. P. Caldwell have joined the shuffle board club and are using up more energy every day than it would take to do the family "wash". Some New Castle people came down on what the sage of Snake's Rest would call a "flyine" trip, this week. They didn't want their names published but you can easily find them on the voting lists.

Safe Drivers Of Bell Telephone Company Honored

Three Here Have Driven 150,000 Miles Without An Accident

Five Bell Telephone Company employees from New Castle and nearby communities who have driven company motor vehicles a total of 700,000 miles without an accident, were honored Tuesday night at a special safety dinner in The Cathedral. One of the men, Daniel R. Stanford, of 414 Logan avenue, Sharon, was made a member of the Hundred Thousand Mile Club, organization of men who have driven ten years or more safely. He was presented with a certificate and an inscribed wallet, by David R. Ingalls, general plant manager of the company. The others, who were awarded special mechanical pencils, were men who have completed five additional years of safe driving since joining the club, bringing each man's total to 150,000 miles. They were Kenneth L. Lockhart, 418 Euclid avenue, Francis D. McPheters, King avenue, Ralph M. Nevel, 933 Marshall avenue, all of New Castle and Howard W. Huber, 684 7th street, Sharpsville. Mr. Ingalls, in making the awards, pointed out that the number of accidents during 1943 in which Bell Telephone Company motor vehicles in Western Pennsylvania were involved had been reduced 30 per cent under the 1942 figure. Of the 1943 accidents, nearly two-thirds were caused by circumstances beyond the Bell drivers' control, he pointed out. Eight other members of the safety club working in this territory were also presented with cards indicating they had driven for another year without a responsible accident. There are now 306 club members in Western Pennsylvania. Other speakers at the meeting included Clarence E. Fay, division plant superintendent, and Kenneth H. Beck, district plant superintendent. The meeting concluded with war motion pictures.

Col. Martin To Speak Thursday

Recruiting Will Address Legion Of Honor

Members of the Consistory Legion of Honor will be hosts tomorrow evening at the Cathedral at 8:00 o'clock to Lt. Col. Linville K. Martin, World War I veteran and Army Air Forces Women's Army Corps recruiting officer for the first, second and third service commands, who will describe to the group the work being done by thousands of Air Wacs at army airfields throughout the country. He will be accompanied by Lt. Jo Ann Stikeman, officer in charge of VAC recruiting in New Castle, who said today that although enlistments in this area have been good the rate must be boosted if New Castle is to contribute its share to the district total. Col. Martin will appear here in connection with his tour of cities in the northeastern part of the United States where he is discussing with civic and social organizations the urgent need for more Air Wacs. This week he is taking part in a special "Pre-Invasion Drive" Western, Penna., to secure hundreds of more Air Wacs from this area. The Colonel, who served with the Air Forces in France in the last war and also in the army of occupation, has first hand knowledge of the work being performed by women at army airfields and other AAF installations. As former Special Service Officer at Gulfport Field, Miss. last summer he had a number of Air Wacs under his command.

Baptist Women Plan Dollar Day Dinner

Mrs. W. Gannon To Be Speaker At Traditional First Baptist Event Thursday

Women's Missionary Society of the First Baptist church will have its annual Dollar Day Dinner on Thursday evening, March 2, at the church, when Mrs. W. Gannon state vice-president of the Baptist Women's Foreign Missionary society will be the speaker. Mrs. Gannon's talk will concern missionary work done in Pennsylvania and all areas received in an offering which will be taken at the dinner will go to missionary work of the church. Mrs. Ralph Hay, president of the W. M. S., will preside at the Dollar Day dinner, an event that has become a tradition of the church's missionary society program.

Ellwood Pilot Is Given Promotion

AN 8TH AF BOMBER STATION, England—Paul D. Jessop, 22, flying officer, son of Mr. and Mrs. Gilbert Ray Jessop, 207 Colver ave., Ellwood City, Pa., has been promoted from second to first lieutenant, commanding general of the Eighth air force, announced recently. Jessop has made six daylight bombing attacks on Germany and the occupied countries since being assigned to one of the pioneer American heavy bombardment groups in the European theater of operations. He holds the air medal for meritorious achievement in combat with the enemy. Prior to joining the AAF, Jessop was a machine operator for National Tube Co., Ellwood City, Pa. He was graduated from Ellwood City high school in 1938. He attended air force schools at Thunderbird, Ariz., Pecos, Tex., and Santa Fe, before coming overseas to combat duty. One brother is in the armed forces.

Auto Rationing Program Will Be Re-Aligned

HARRISBURG, March 1.—(INS) —The Harrisburg district OPA office announced today a re-alignment of its automobile rationing program to conform with a national plan for facilitating the flow of used 1942 cars to eligible applicants.

Frank J. Loftus, director of the Harrisburg office, said the 10-county area under his supervision was faced with a dwindling supply of new cars. Under the revised program, any eligible person who has found a used 1942 car for sale will be able to obtain a ration certificate from his local board to purchase it. To accomplish this, the OPA has removed all monthly quota limitations on used 1942 cars, which were previously set on a geographical basis. Simultaneously, the OPA announced that ration certificates for buying new 1942 cars will be issued on March 1 by the Harrisburg district office instead of local rationing boards. The local boards will continue, however, to accept applications, forwarding them to the district office. All applications submitted by local boards will be examined by the district office and the ration certificates will be issued within the limit of its quota to persons with the most essential needs.

Pittsburgh-Sharon Run Is Extended To Camp Reynolds

GREENVILLE, Pa., March 1.—Added convenience for soldiers traveling from Pittsburgh to Camp Reynolds was effected March 1 when the Pennsylvania Railroad extends its regular Pittsburgh-Sharon run to Victory Siding at Camp Reynolds. Capt. J. D. Drenth, camp transportation officer, has announced. Reynolds soldiers will be able to leave Pittsburgh at 3:35 p. m. daily, except Sunday, and arrive in camp at 8:20 p. m. On Sundays and holidays the train will leave Pittsburgh at 6:15 p. m. and arrive at Victory Siding at 8:42. The regular morning train from Pittsburgh to Victory will continue as usual, leaving Pittsburgh at 3 a. m. and arriving in camp at 10:53 a. m.

County And District Flyers Decorated

Three Receive Additional Decorations For Combat Missions Over France
Three men from the local district, two from Lawrence county, have received additional decorations for participating in medium bomber combat missions over the coast of France. The War department has announced today. S-Sgt. Eugene M. McCarty of Koppel has been awarded the second Oak Leaf Cluster to the Air Medal previously received while First Lt. William V. McBride of Wampum, and T-Sgt. Kenneth J. Brown of 420 Hazel avenue, have received the bronze Oak Leaf Cluster to the Air Medal previously received.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back.
